## **Government, Schools Fall Victim to Rainbow Ideology – Faith Schools in Peril**

Due to extensive media, government and the toxic rainbow ideology, Christian School Citipointe Christian College (CCC) this morning has amended its Enrolment Contract for the College in a letter to Parents and Guardians headed:

### **CONFIDENTIAL**

#### **Withdrawal Notice – Contract of Enrolment v2022/1**

This is a sad day for all Australians and particularly Faith Schools as it has put religious freedom and free speech a risk.

Why is it that politicians, media, misinformed parents, not to mention the toxic LGBTIQ+ activists, are able to squash a school which simply wants to teach biological truth?

The CCC school simply wanted to uphold scientific truth and the Christian worldview of human sexuality.

Sadly, even our Prime Minister has become a victim of the tyranny of the LGBTIQ+ minority. The government has failed to protect Religious Schools and will now suffer the same fate as Bill Shorten did in 2019 by ignoring the mums and dads who hold a Christian worldview.

Say goodbye to religious freedom, freedom of speech, and our Judeo-Christian heritage.

Australians are now in bondage to woke and LGBTIQ+ ideology.
