

Australian Christian Values Checklist

8 March 2025

WA State Election

This summary of the positions of major parties on issues of concern to Christians is provided as a service to the Christian community. Christians are the largest faith community in Australia. On many welfare and social justice issues the party policies are very similar. Our aim is to deal with the moral and ethical issues that are rarely, if ever, discussed publicly in an election campaign but which are important issues that affect the very foundation of our society. The team that compiles the checklist make independent assessments and are not members of any political party. This checklist has been compiled after an exhaustive search of party websites, voting history, statements, including in some cases the voting record of their Federal counterparts. Positions are often difficult to summarise in a format of this kind, and parties have not always made definitive statements. Therefore a '?' indicates in some instances a conscience vote, or a less than conclusive opinion on the party's position on some of the issues. Tick equals YES X equals NO
